2.5. The Organizer has the right to cancel the Promotion at any time or change these Promotion Rules by posting their new version taking into account clause 2.1. and/or clause 5.6. of these Rules.

2.6. Manufacturers and/or distributors who provide goods and services that may be placed as advertising distribution on the territory of the Promotion are not partners, sponsors, and/or co-organizers of the Promotion.

2.7. Any images on the Organizer's SuperGra Portal/Mobile Application, slot machine monitors, advertising and information materials, electronic media, platforms and other digital and/or information devices, signs and/or symbols of monetary funds, are not equivalent to monetary funds, are not instructions and/or documents guaranteeing any types of rights to Players

participating in the Promotion.

3.1. The Prize Pool of the Promotion is 5000 FS, which are distributed in separate parts among the Players who between Players and/or Bonus by electronic money substitutes, according to the results of the Day of the Promotion, took from 1 to 100 prize places in accordance with these Promotion Rules.

The Player participating in the Promotion undertakes to independently monitor all changes on the Organizer's SuperGra Portal/Mobile Application, including but not limited to the description of the Promotion, conditions of participation in the Promotion, and these Rules

3.2. Under the terms of this Promotion, the Player who, during the Promotion, takes part in any Gambling Game of the Slots type, which is announced on the Organizer's SuperGra Portal/Mobile Application for use in the Promotion, and performs a Spin from the Client Account with a bet from 1 UAH per day, automatically accepts participation in the Promotion and claims to receive winnings in the form of FS and/or Bonus by electronic money substitutes with the condition of Wagering with no Wager, depending on the prize place taken in the Promotion for the day. Occupying a prize place in the Promotion for the day allows you to receive a share of the daily Prize Pool of the Promotion in the amount of 5000 FS.

3.3. The Player who, based on the results of bets made in Gambling Games during the day, has a win, automatically receives the Player's winning coefficient, which determines, relative to the Player, a place in the promotion among 100 prize places, the number of prize FS from the Prize Pool of the promotion per Day and/or Bonus by electronic money substitutes.

3.4. Player's winning coefficient - the ratio of the Player's winning amount to the Player's Spin bet amount. Based on this rule, the calculation of the size of the Player's winning coefficient is carried out according to the following principle, for example, if conditionally:

- Player 1 made a Spin in a Gambling Game with a bet worth 1 UAH, and as a result, his winnings are 1300 UAH, then he made a Spin with a bet worth 10 UAH, and, as a result, he won 2000 UAH, then he made a Spin again with a bet of 5 UAH, and as a result, the win is 700 UAH, then the calculation of the Player's winning coefficient is as follows: $(1300:1)+(2000:10)+(700:5) = 1640$ UAH, where the Player's winning coefficient is the result that equals 1640.

- Player 2 made a Spin in a Gambling Game with a bet worth 2 UAH, and, as a result, his winnings are 2000 UAH, then he made a Spin with a bet worth 6 UAH, and, as a result, he won 2500 UAH, then he again made a Spin with a bet of 12 UAH, and, as a result, the winnings are 600 UAH, then the calculation of the Player's winning coefficient is as follows: $(2000:2)+(2500:6)+(600:12) = 1466,55$ UAH, where the Player's winning coefficient is the result that equals 1466,55.

- Player 3 made a Spin in a Gambling Game with a bet worth 8 UAH, and as a result, his winnings are 5000 UAH, then he made a Spin with a bet worth 3 UAH, and as a result, he won 1300 UAH, then he again made a Spin with a bet of 15 UAH, and as a result, the winnings are 3500 UAH, then the calculation of the Player's winning coefficient is as follows: $(5000:8)+(1300:3)+(3500:15) = 1291,66$ UAH, where the Player's winning coefficient is the result that equals 1291,66.

Thus, the rating of Players in the Promotion and the distribution of prize places in the Promotion per Day can be roughly as follows, for example:

- First place - Player 1 with a winning coefficient of 1640.
- Second place - Player 2 with a winning coefficient of 1466,55.
- Third place - Player 3 with a winning coefficient of 1291,66.

The distribution of the FS Prize Pool (by denomination and quantity) among the prize places of the Promotion and/or Bonus by electronic money substitutes is carried out and published on the

Organizer's SuperGra Portal/Mobile Application.

3.5. All FS from the Promotion Prize Pool and/or Bonus by electronic money substitutes after their distribution among the Players, in accordance with the occupied prize places of the Promotion, are displayed on the Organizer's SuperGra Portal/Mobile Application in the "Bonuses" section and have a validity period of not more than 3 days for activation and Wagering, unless otherwise provided in the description of the Promotion on the Organizer's SuperGra Portal/Mobile Application. After the expiration of the term specified in this section of the Rules, the FS and/or Bonus are canceled, cannot be restored, and are not credited, and the Players who have not activated the FS and/or Bonus are not entitled to their restoration and crediting by the Organizer.

3.6. If there are identical results among Players at the end of the Day of the Promotion, such Players will take prize places in the Promotion in accordance with the order in which they achieved the highest Player's winning coefficient within this Promotion.

3.7. At the end of the Day, the Player's winning coefficient in the Promotion for the Day is reset, and from the beginning of the new Day of the Promotion, the calculation of the Player's winning coefficient for the Day, according to the Rules of the Promotion, starts anew in the same way.

3.8. Prize FS and/or Bonus can be applied on the Organizer's SuperGra Portal/Mobile Application in Gambling Games, in particular, but not exclusively, as Black Star, Merlin's Quest, The Hottest Game, The King of Heroes, Monkey King, Make Money, Vikings Gods Gold, Book of Sand and others, which is exhaustively indicated in the "Bonuses" section of the Organizer's SuperGra Portal/Mobile Application regarding FS offered for activation.

3.10. Taxation of individuals who have received the Bonus is carried out in accordance with the Applicable laws of Ukraine at the time of payment of winnings by the Organizer. The payment means the financial operation of transferring funds to the Player's bank account from which the funds were deposited into the Player's Client Account. This means that the earnings specified in this clause are subject to final taxation upon payout by the individuals receiving the Bonus.

3.11. The Organizer of the Promotion is not responsible for the future use of the Bonus and for the inability to use it for any reason.
